-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

- 1) ☒ Responsive to communication(s) filed on 08 September 2004.
- 2a) ☒ This action is FINAL. 2b) ☐ This action is non-final.

DETAILED ACTION

1. An Amendment was filed 9/8/04 in which Claims 10 and 25 were also cancelled.
2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 and 11-13 are rejected under 35 U.S.C. 102(b) as being anticipated by Hoose 6017047.

Hoose discloses a suspension for a two-wheeled vehicle/motorcycle comprising
Frame (inherent) and steering tubes 6,
Upper 10, and lower 30, triple clamps coupled to the steering tubes,
Wheel assembly, including wheel 8, and axle (unidentified, inherent),
Upper 71/72, and lower 1 and 2, fork tubes, the former slidably coupled to the latter,
Fork bottoms 41/42 coupling the fork tubes to the axle, and
having a different stiffness (via lower shock absorbers 41/42) in a longitudinal
direction of travel of the vehicle than in a lateral direction parallel to the axle, as best
understood.

3. ALLOWABLE SUBJECT MATTER

- a. **Claims 2-9 and 14-20** are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
- b. **Claims 21-24 and 26-28** are allowable.

Prior art does not disclose a suspension for a two-wheeled vehicle as provided above, further including, *inter alia*, a tension cable extending through the fork tube, the tube including a fulcrum over which the cable is stretched.

4. RESPONSE TO REMARKS

Examiner reiterates her rejections as provided above, employing Hoose. With respect to Applicant's remarks, it is noted that Claims 1 and 13 do NOT provide any structure/means, or any other enabling language, to achieve "the "lower fork tube having a different stiffness in a longitudinal direction than that in a lateral direction", and thereby distinguish from Hoose. The emphasized language is merely conclusionary, with no substantiating structure (in contrast with language in subsequent dependent (and allowable) claims, which apparently includes the intended structure/means). Therefore, it is reasonable to maintain that Hoose, disclosing the actual recited elements, obviates these claims.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
